

Resort Savers, Inc. Signs Definitive Letter of Intent to Acquire Kashi Jinju Color Printing Packaging Co. Ltd. with \$9M USD Net Assets

Kashi's production expansion forecasted to generate \$24M USD in annual sales.

Shenzhen, China, May 12, 2015: Resort Savers, Inc. (RSSV), a strategic investment and development company, announced today that it has signed a Definitive Letter of Intent to acquire an 80% ownership stake in Kashi Jinju Color Printing Packaging Co. Ltd. (Kashi). Kashi, based in Northwest China, is a large, industrial scale cardboard processing and packaging company with an estimated \$9 Million USD in net assets. By acquiring a majority stake in Kashi, RSSV is taking a major step in building its portfolio of high demand, revenue generating assets.

Kashi has been conducting cardboard processing and packaging operations in China for sixteen years. Kashi's lightweight, low-cost and high-strength cardboard materials are a cost effective choice for companies shipping food and beverage products across the Chinese market. Kashi is currently expanding its operations to cover over forty acres of production and packaging facilities, which will allow Kashi to produce an estimated 40 Million square meters of cardboard annually.

China is the world's largest producer and consumer of cardboard boxes, with over 10 million tons produced monthly. This massive demand has created an industry valued at over \$80 Billion USD. Kashi's production and facilities expansion will allow it to more effectively service China's growing cardboard demand.

Zhou Gui Bin, President of RSSV said, "We are very excited to announce this definitive Letter of Intent to acquire a majority stake in Kashi and consolidate their operations under RSSV. Kashi is a company on the rise, with an estimated \$9 Million USD in net assets and expanding operations. Once Kashi completes its production expansion over the next twelve months, we forecast over \$24 Million USD in annual sales."

Zhou continued, "By acquiring Kashi, RSSV will be strategically positioned to capitalize on China's booming packaging industry that is valued at over \$80 Billion USD. Kashi is a cutting edge operation, with over 100 employees and multiple production lines of German made, state of the art industrial binding and printing machines. Kashi and RSSV are ready for a very profitable future together."

Zhou concluded, "Kashi represents a major acquisition opportunity for RSSV and shows the success of our strategic acquisition and development model. RSSV will acquire Kashi pending the completion and confirmation of Kashi's audit, which we expect to be complete within sixty days. By acquiring Kashi, RSSV is showing its commitment to building value for our dedicated shareholders."
